

## REMARKS

*This RCE application with Preliminary Amendment is substantially a resubmission of the Amendment dated 04/05/2004 that Applicants filed in response to Examiner's Final Office Action dated 02/05/2004, and thus is responsive to Advisory Action dated 07/14/2003.*

In response to Examiner rejection of claims 18, 46 and 47 per 35USC102e by Stewart (US.PAT5835061), and claims 18-19, 22-32, 34-35 and 37-49 per 35USC102e by Fan (US.PAT5959577), Applicants amend claims 18 and 46-47 to specify patentably among other things that "... the second transaction message indicating real-time inventory of service or product of interest to the mobile buyer available at the nearby vendor, the software providing access by the vendor processor to a video surveillance of the mobile buyer." Specification support appears on pages 9 and 21.

Applicants submit that claims are in allowance condition, and respectfully request rejections be reconsidered and withdrawn.

Respectfully submitted,

Dennis S. Fernandez
